PREPARING FOR THE TRANSITION TO HYBRID LEARNING
Dear TAISM community,

The context in which we are operating today is unprecedented. As we navigate the 2020-21 school year, we have been challenged to adapt our educational practices in order to ensure each of our students continues thriving as learners. I continue to be inspired by the resilience of the families in our community, the ingenuity of our teachers and staff, and the unfading optimism of our students.

As we now prepare to transition to hybrid learning—our next phase of instruction for this school year, we would like to provide you with details regarding what this means for you and your family. TAISM’s program provides parents with the choice of having their child participate in the on-campus portion of hybrid learning, or to continue participating only online from home.

In this document, you will learn about the steps we are taking to facilitate the safe return to campus for our students. We understand the trust and faith that you have put in us as professionals, and we will do everything in our power to keep our community healthy while ensuring every student in every grade is engaged and growing.

We will continue to keep you informed of changes along the way. Thank you for your patience, commitment and partnership as we take the next steps in transitioning students back to campus in a hybrid mode.

Sincerely,

Kevin Schafer
Director
The American International School Muscat

TRANSITIONING TO HYBRID LEARNING

The decision to reopen TAISM’s campus for students to attend classes in a hybrid learning mode is being done in accordance with the local Omani government officials. We have consulted health professionals, and we are continually monitoring information from international health organizations to assist us in assessing the viability of returning to on-site instruction.

**HYBRID LEARNING MODE:** In hybrid learning mode, we will provide the opportunity for teachers and students to safely return to campus in a limited capacity. This mode of instruction combines on-campus learning with synchronous online learning. Approximately half of our student population will come onto campus each day, while the other half remains engaged synchronously with their class in online learning from home. Students will alternate between learning on-campus and learning online within their class groups. Hybrid learning allows for smaller class sizes with appropriate physical distancing throughout the school.

**ONLINE LEARNING MODE:** Since August 25, all TAISM students have been engaged in online learning, as permitted by the Omani authorities. During this mode all students participate synchronously with the teacher through our online platforms.

**ON-CAMPUS:** When local authorities permit and it is deemed safe to do so, TAISM may return to on-campus learning for all students.
OUR GUIDING PRINCIPLES

As we make decisions, our number one priority remains the health and safety of our students, staff, and wider community. We continue to reflect, innovate, and build on evidence-based practices that are being adopted by schools and organizations worldwide to support both health and education.

We have reviewed the guidance from the Oman Ministries of Health and Education related to the safety of the school community. In addition, we recently worked with doctors from the Boston Children’s Hospital Global Health Program in the U.S. to review TAISM’s protocols and identify opportunities to improve our health and safety practices.

Omani authorities have granted TAISM permission to reopen campus to students in a hybrid learning mode beginning November 1, pending a final announcement by the Omani Supreme Committee. When permitted, we are confident in our ability to safely transition to bringing students back on campus in a limited capacity. Here’s what we have done to prepare for a safe and smooth transition:

ENVIRONMENTAL AND OPERATIONAL MODIFICATIONS
We have implemented important operational changes to protect the health of all students and staff. Widespread environmental modifications have been made across campus to ensure we maintain healthy physical spaces. Significant investments were made to obtain adequate supplies of critical resources, including PPE, contactless temperature monitoring technology, cleaning and disinfection equipment, and more.

SMALL GROUP INSTRUCTION
Our expansive campus, which includes large classroom and meeting spaces as well as plentiful outdoor areas, allows us to meet or exceed physical distancing recommendations that have been specified by healthcare experts. We have maintained our commitment to low student-teacher ratios to minimize class sizes. This year, we have taken extraordinary measures to ensure smaller classes to support online and in-school learning.
OUR GUIDING PRINCIPLES

PRIORITIZING HEALTH & SAFETY
We are enforcing behavioral changes, hand hygiene, and respiratory etiquette to protect the health, safety, and wellbeing of students, teachers, staff. We have made robust preparations and protocols are in place in the event someone gets sick.

LEVERAGING TECHNOLOGY & STAFF
Our hybrid learning model will be facilitated by cutting-edge technology on campus. In addition to resources already in place, we are prototyping the use of additional cameras, screens, microphones and speakers to ensure both online and in-person learners are equally engaged. Our highly qualified staff is skilled at providing inspiring on-campus learning opportunities, as well as meaningful synchronous online learning. While the daily design of each program may look different, depending on the age of the students and subject area, we remain committed to provide an engaging environment for all of our students.

As we transition to hybrid learning, we anticipate that we will learn from our experiences as a community and will continue to make necessary changes to protect the health and safety of our students and staff and execute an excellent learning experience for all students.
OPERATIONAL CHANGES: BEHIND THE SCENES

CLEANING AND DISINFECTION
During the summer, TAISM made a significant investment in new equipment to accommodate robust daily cleaning and disinfecting procedures. Cleaning of high-touch and shared-use areas will occur throughout the day. New cleaning equipment utilizing school-safe disinfectants is now in use as we prepare for students returning to campus.

BUILDING PREPARATION
The school has removed all soft furnishings and materials that are not suitable for constant cleaning and disinfection. Classroom furniture has been minimized to create more space between students, and desks and chairs are arranged to meet the physical distancing requirement of 1.5 meters. Large tables in the cafeteria and in classrooms have been equipped with plexiglass dividers. Signage regarding safety protocols has been posted throughout the campus.

SUPPORTIVE CAMPUS FEATURES
TAISM’s campus is well-suited for accommodating its population in a safe environment. Large classrooms, shared spaces including libraries and cafeterias, and expansive playgrounds and sports facilities all accommodate current physical distancing measures. Updated air conditioning and fresh air supply units also support a safe learning environment.

FOOD SERVICES
We ask that you provide a cold lunch and snacks for your child to bring from home, as cafeteria service will be unavailable during this time. Additionally, microwaves will not be available. Students are to provide their own water bottle, which they can refill at school.

TRANSPORTATION
Our bussing service will be unavailable until further notice.
HEALTH AND SAFETY PROTOCOLS

TEMPERATURE MONITORING
Streamlined temperature scanning stations with thermal cameras have been installed on campus in the Elementary School, Tree of Life, and Director’s Office Rotundas. A mobile temperature screening station with a handheld infrared thermometer will be utilized in the Bosch Center lobby for EC. Should a student or staff member show a temperature higher than 37.5°C, they will be escorted to an isolated area and seen by our nursing staff to determine next steps.

FACE MASKS
All students and staff will be required to wear face masks while on campus. Students may remove their masks only when eating or drinking. All students should bring an extra face mask stored in a plastic bag to school. Additional face masks will be available as needed.

INCREASED PHYSICAL DISTANCING
Appropriate distancing will be maintained between all persons in classrooms and across campus. Student seating in classrooms has been adjusted to meet or exceed physical distancing recommendations. Lockers will not be used in the Elementary and High Schools. Middle School lockers have been spaced throughout hallways to keep an appropriate distance. In some cases, staggered transitions will be utilized to manage the movement of students in the building.

HAND WASHING AND SANITIZERS
In addition to the sinks in the classrooms and toilet areas, new hand washing stations have been added for students to use before re-entering the building after being outdoors for recess (EC and ES) or lunch (MS and HS). Hand sanitizer dispensers have been added throughout the building and in classrooms. Routines and reminders about personal hygiene, hand washing and sanitizing will be reinforced by the staff.
HEALTH AND SAFETY PROTOCOLS

LIMITED ACCESS TO CAMPUS AND SCHOOL BUILDING
As per normal school procedures, the parking areas are accessible to all TAISM parents, as well as the walking areas between the parking and the school building. Other than students and staff, access to the school building will be prohibited. Parents will be able to access the school building by appointment only.

HANDLING CONFIRMED CASES
If any person - student, teacher, or staff - tests positive for COVID-19 with a laboratory test or experiences symptoms of COVID-19, they must stay home through the infectious period (as per local guidelines, this period of isolation is 14 days) and cannot return to campus until they have a negative result on a COVID-19 test and have been fever-free for 24 hours without fever-reducing medications. If a student shows symptoms while at school, they will be isolated in a safe area until a parent or guardian can pick them up. TAISM will require a 14 day quarantine for anyone in close contact with a person with a lab confirmed COVID-19 case. For more information, please review TAISM’s Health and Safety Plans.
CLASSROOM AND SPACE REDESIGN

Table seating has been arranged to maximize distance between students while seated.

CLASSROOM AND SPACE REDESIGN

Classroom seating has been redistributed and arranged to meet or exceed physical distancing requirements.

CLASSROOM AND SPACE REDESIGN

All campus and classroom furniture has been assessed and arranged by staff over the summer.

CLASSROOM MODIFICATIONS

Lab spaces with permanent fixtures have added seating to meet physical distancing requirements.
Soft furnishings have been removed from classrooms and shared spaces.

Plexiglass partitions have been added in shared spaces for added safety.

Large spaces on campus will be repurposed to allow for physical distancing while learning.

Additional supplies of masks, gloves and hand sanitizers are readily available as needed.
Lockers have been distributed throughout campus halls and open areas to increase physical distancing while students retrieve belongings.

Temperature scanning stations with state-of-the-art thermal cameras have been installed for hands-free, safe temperature monitoring of all persons on campus.

We have posted helpful instructions throughout campus to inform students and staff about required behavior and restrictions.

Access to campus is now restricted to only staff and students, or persons with appointments.
During Hybrid Learning mode, your child will continue to have classes online, but will now have the option to attend classes in-person on designated days of the week.

For the days when your child will be learning online, there is no need to change your current daily routine.

For days when your child will be coming to campus, please familiarize yourself with our operational changes, recommendations and requirements. These are designed to keep you and our community healthy. Here is what you can expect during a typical day in each of our schools.

- **EARLY CHILDHOOD**
- **ELEMENTARY SCHOOL**
- **MIDDLE SCHOOL**
- **HIGH SCHOOL**
PREPARING FOR THE SCHOOL DAY

When local authorities grant permission for TAISM to have students in Early Childhood on campus, we will ask families to follow the guidelines and protocols outlined below.

Before the school day begins, you are required to take your child’s temperature and examine them for symptoms to ensure they are healthy. If your child has any of the following symptoms, they must remain home until they have been symptom-free for at least 24 hours.

- Fever or chills
- Cough
- Shortness of breath or difficulty breathing
- Fatigue
- Muscle or body aches
- Headache
- New loss of taste or smell
- Sore throat
- Congestion or runny nose
- Nausea or vomiting
- Diarrhea

Additionally, you and your child will need to pack the following for their on-campus school day:

- A comfortable face mask
- Two extra masks stored in a ziploc bag labeled with your child’s name
- A small packet of disinfecting wipes
- Hand sanitizer
- Their student iPad
- A reusable water bottle that can be refilled on campus
- A healthy snack

Our bussing service will be unavailable until further notice.
ENTERING SCHOOL

The Bosch Center for the Performing Arts Lobby will be the entry point for EC2 students. EC2 parents may accompany their child into the lobby, and after thermal temperature scanning, can drop them off with the EC assistant. Upon arrival at TAISM campus, all students and parents will be required to wear masks and remain physically distanced from other families.

THE SCHOOL DAY

During the school day, your child will experience several new protocols that allow for proper physical distancing and increased hygiene practices.

- **Cohort** - Your child will remain with their class throughout the day to limit their exposure and allow for concise contact tracing in the event of a COVID-19 infection.
- **Classrooms** - Early childhood classrooms have been adjusted for increased physical distancing for students and to allow for more frequent cleaning of high-contact surfaces. Spaces between seating have been increased.
- **Hygiene** - Your child will have more frequent opportunities to wash and sanitize their hands throughout the day. Students will use their own private water bottle. A refilling station is available. Additional procedures are also in place to have surfaces like chairs and tables sanitized between classes.
- **Snack** - Your child will eat their mid-morning snack in the classroom.

GOING HOME

For pick up after EC2 dismissal at 12:30, you may wait inside the Bosch Center Lobby, maintaining appropriate physical distancing from others who are also waiting. Our bussing service will be unavailable until further notice.
PREPARING FOR THE SCHOOL DAY

Before the school day begins, you are required to take your child's temperature and examine them for symptoms to ensure they are healthy. If your child has any of the following symptoms, they must remain home until they have been symptom-free for at least 24 hours.

- Fever or chills
- Cough
- Shortness of breath or difficulty breathing
- Fatigue
- Muscle or body aches
- Headache
- New loss of taste or smell
- Sore throat
- Congestion or runny nose
- Nausea or vomiting
- Diarrhea

Additionally, you and your child will need to pack the following for their on-campus school day:

- A comfortable face mask
- Two extra masks stored in a ziploc bag labeled with your child's name
- A small packet of disinfecting wipes
- Hand sanitizer
- Their student iPad
- A reusable water bottle that can be refilled on campus
- Cold lunch (please note food services and microwaves will be unavailable)

While limited bussing service will be available, you are encouraged to bring your child to school and pick them up for added safety.
ENTERING SCHOOL

Kindergarten - When local authorities grant permission for TAISM to have students in Kindergarten on campus, students may enter the building through the door nearest to the KG classrooms and ES cafeteria, located at the east side of the building. Parents may escort their child to the door for entry and drop off with the classroom assistants. Entry to the building is limited to students and staff, or parents by appointment only. Upon entry to the building, students will pass through a thermal scanning station for temperature monitoring. Upon entering the campus, all students will be required to wear masks.

Grade 1 and 2 - The Elementary School (ES) rotunda at the east end of the building will serve as the main entry point for children in Grades 1 and 2, where they will pass through a thermal scanning station for temperature monitoring. Upon entering the campus, all students will be required to wear masks. Please note that only students and staff are permitted in school buildings. You may drop your child at the parking area, or escort them to the door. Parents may enter the school building by appointment only.

Grades 3 - 5 - The Elementary School (ES) rotunda at the east end of the building or the entry at the center of the building on the north side (“Tree of Life” entry) will serve as the main entry points for students in Grade 3 - 5. Students will then pass through a thermal scanning station for temperature monitoring. Upon entering the campus, all students will be required to wear masks. Please note that only students and staff are permitted in school buildings. You may drop your child at the parking area, or escort them to the door. Parents may enter the school building by appointment only.
THE SCHOOL DAY

During the school day, your child will experience several new protocols that allow for proper physical distancing and increased hygiene practices.

- **Cohorts** - Your child will remain with their classroom cohort whenever possible to limit their exposure and allow for concise contact tracing in the event of a COVID-19 infection. There are times when cohorts are occupying spaces with other cohorts of the same age group, including time at lunch, recess, and world language courses for Grades 2-5.

- **Classrooms** - Spaces between student seats in our elementary classrooms have been increased, and classrooms have been modified to accommodate more frequent cleaning and to eliminate soft surfaces.

- **Hygiene** - Your child will have more frequent opportunities to wash or sanitize their hands throughout the day. Water refilling stations allow for students to refill their own water bottle. Normal drinking fountains have been shut off for safety reasons.

- **Snack and Lunch** - Morning snacks will be eaten in the classroom. Lunch brought from home will be eaten in the school cafeteria. Plexiglass partitions between students have been added on the tables for health and safety. No food or drink will be for sale and no microwaves are available for heating food.

- **Bathrooms and Hallways** - Specific procedures and occupancy limits for bathrooms will be followed and hallways have been marked to regulate the flow of foot traffic.

GOING HOME

You will pick your child up at the designated location, unless your child has been registered for bussing service. No after school activities are scheduled until families have been notified of their availability.
PREPARING FOR THE SCHOOL DAY

Before the school day begins, you are required to take your child’s temperature and examine them for symptoms to ensure they are healthy. If your child has any of the following symptoms, they must remain home until they have been symptom-free for at least 24 hours.

- Fever or chills
- Cough
- Shortness of breath or difficulty breathing
- Fatigue
- Muscle or body aches
- Headache
- New loss of taste or smell
- Sore throat
- Congestion or runny nose
- Nausea or vomiting
- Diarrhea

Additionally, you and your child will need to pack the following for their on-campus school day:

- A comfortable face mask
- An extra mask stored in a ziploc bag labeled with your child’s name
- A small packet of disinfecting wipes
- Hand sanitizer
- Their student iPad
- A reusable water bottle that can be refilled on campus
- Cold lunch (please note food services and microwaves will be unavailable)

While limited bussing service will be available, you are encouraged to bring your child to school and pick them up for added safety.
ENTERING SCHOOL

Upon entering the school campus, all students will be required to wear masks. The “Tree of Life” entry at the center of the building will serve as the main entry point for the MS students, where students will pass through a thermal scanning station for a temperature monitoring. Please note that only students and staff are permitted in school buildings. You may drop your child off or escort them to the door. Parents may enter the school building by appointment only.

THE SCHOOL DAY

During the school day, students will experience several new protocols that allow for proper physical distancing and increased hygiene practices.

- **Classrooms** - Spaces between student seats in our middle school classrooms have been increased, and classrooms have been modified to accommodate more frequent cleaning and to eliminate soft surfaces. In shared spaces, clear partitions have been added for additional safety.

- **Lockers** - Appropriate spacing of lockers in hallway as well as controlled access timings will assist students with physical distancing requirements.

- **Hygiene** - Your child will have more frequent opportunities to wash or sanitize their hands throughout the day. Water refilling stations allow for students to refill their own water bottle. Normal drinking fountains have been shut off for safety reasons. Additional procedures are also in place to have surfaces like chairs and tables sanitized between classes.

- **Lunch** - Cold lunch brought from home will be eaten in the Middle School Learning Commons or outdoors. Plexiglass partitions between students have been added on the tables for health. No food or drink will be for sale and no microwaves are available for heating food.

- **Bathrooms and Hallways** - Specific procedures and occupancy limits for bathrooms will be followed and hallways have been marked to regulate the flow of foot traffic.

GOING HOME

You will pick students at the school parking area, or you have registered your child for the bus. No after school activities are scheduled until families have been advised of availability.
PREPARING FOR THE SCHOOL DAY

Before the school day begins, the student’s temperature should be checked and you should note if there are any symptoms of illness, in order to ensure they are healthy before leaving for school. If a student has any of the following symptoms, they must remain home until they have been symptom-free for at least 24 hours.

- Fever or chills
- Cough
- Shortness of breath or difficulty breathing
- Fatigue
- Muscle or body aches
- Headache
- New loss of taste or smell
- Sore throat
- Congestion or runny nose
- Nausea or vomiting
- Diarrhea

Additionally, you and your child will need to pack the following for their on-campus school day:

- A comfortable face mask
- An extra mask stored in a ziploc bag labeled with your child’s name
- A small packet of disinfecting wipes
- Hand sanitizer
- Their student iPad
- A reusable water bottle that can be refilled on campus
- Cold lunch (please note food services and microwaves will be unavailable)

While limited bussing service will be available, you are encouraged to bring your child to school and pick them up for added safety.
ENTERING SCHOOL

Upon entering the school campus, all students will be required to wear masks. The ES/HS Rotunda at the east end of campus, and the “Tree of Life” entry at the center of the building will serve as the main entry points for HS students. Where students will pass through a thermal scanning station for a temperature monitoring.

Please note that only students and staff are permitted in school buildings. Parents may enter the school building by appointment only.

THE SCHOOL DAY

During the school day, students will experience several new protocols that allow for proper physical distancing and increased hygiene practices.

- **Classrooms** - Spaces between student seats in our high school classrooms have been increased, and classrooms have been modified to accommodate more frequent cleaning and to eliminate soft surfaces. In shared spaces, clear partitions have been added for additional safety.

- **Hygiene** - Students will have more frequent opportunities to wash and sanitize their hands throughout the day. Water refilling stations allow for students to refill their own water bottle. Normal drinking fountains have been shut off for safety reasons. Additional procedures are also in place to have surfaces like chairs and tables sanitized between classes.

- **Lunch** - Cold lunch brought from home will be eaten in the High School Commons or outdoors. Plexiglass partitions between students have been added on the tables for health and safety. No food or drink will be for sale and no microwaves are available for heating food.

- **Bathrooms and Hallways** - Specific procedures and occupancy limits for bathrooms will be followed and hallways have been marked to regulate the flow of foot traffic.

GOING HOME

You will pick students at the school parking area, or you have registered your child for the bus. No after school activities are scheduled until families have been advised of availability.
SCHEDULES

To protect our community’s health and safety, we will make a slow and deliberate transition to a full hybrid learning mode over a period of two weeks. Once this transition is complete, approximately half of our students will learn on campus while the remainder learn online on any given school day.

After all parents have declared whether their children will be participating in the on-campus portion of hybrid learning, your child will be scheduled in a cohort with members of their class for on-campus days. These groups will be labeled Red and Blue, and will rotate between on-campus learning and online learning during this time. These groups will be formed with members of your child’s class.

- ELEMENTARY SCHOOL
- MIDDLE SCHOOL
- HIGH SCHOOL
When local authorities grant permission for TAISM to have students in Early Childhood and/or Kindergarten on campus, this schedule will be revised accordingly.

This schedule is updated as of November 7, 2020.
